Few things in your home are as important and expensive as your air conditioning and heating system. At Certified Climate Control we know the secret to having a happy homeowner is simple. Keep the house comfortable, keep your operating cost low, keep it from breaking down and do it all for a fair price. Our *Signature* 24 Point Tune-up is designed to do exactly that and is included in all of our Protection Plans.

All plans include 2 of our \$89.00 *Signature* 24 Point Tune-ups a year
Discounted overtime fee for after-hours emergency service
Priority service
Free Duct Sanitization with every Tune-up
